Education

Master of Library and Information Science

UNC Greensboro
May 2026

BSPH in Biostatistics

Gillings School of Global Public Health
UNC Chapel Hill
August 2019

Work Experience

Library Page

Morrisville Community Library

Performs tasks to maintain the orderly appearance and availability of library materials. Includes retrieving materials from return bins, checking in books, and sorting/shelving materials in alphabetic and Dewey order.

June 2024 –

Research Assistant

UNC Lineberger Comprehensive Cancer Center

Archived, cleaned, analyzed, and presented data for six studies regarding the sale and use of carcinogenic, addictive substances (SAS, SQL, Excel). Contributed to grant proposals, literature reviews, academic papers, and stakeholder deliverables.

August 2019 –
September 2023

Undergraduate Research Experience

Research Assistant

Department of Women's and Gender Studies at UNC-CH

Worked on several different quantitative and qualitative projects including a study evaluating the effectiveness of a mindfulness program for underserved children and adolescents.

Spring 2019

Independent Faculty-Sponsored Researcher

Spring 2018

The 2017-2018 Flu Season: An Early Warning Model

Presented at the UNC Undergraduate Research Symposium.

Analyzed CDC data using SAS to identify states with early season flu rate trends that could have predicted the high rate of flu later in the 2017-2018 season.

Independent Faculty-Sponsored Researcher

Spring 2017

Maternal Death Analysis: Trend Analysis with Rare Events

Presented at the UNC Undergraduate Research Symposium.

Conducted statistical analyses of historical North Carolina maternal death data assessing the relative influence of different causes of death (childbirth, drugs, etc.).

Research Assistant

Summer 2016 – 2017

Department of Sociology at UNC-CH

Coded qualitative data (interviews, field notes, etc.) and assisted with exploratory analyses for a study of youth political advocacy organizations. Used ATLAS.ti.

Research Assistant

Summer 2016

Department of Health Behavior / Psychology at UNC-CH

Assisted in contacting participants in a longitudinal study of adolescents.
